"at leisure" - indicates meal is provided through the conference or lodging registration, but informally taken at participants' discretion.

SCOPE

ISSI-3 is a major international conference held every four years on the research, development, design with, and application of intermetallic compounds and composites. The conference is intended to bring together not only researchers, but also potential users and producers of such materials to conduct an open information exchange on matters that will enhance the progress of these materials. The format and approach of this conference will build upon the proven concepts of the International Symposium on Superalloys (Seven Springs Conferences), the Gordon Conferences, and the previous ISSI Conferences.

Particular aspects to be emphasized in ISSI-3 include:

- Longer, insightful presentations, which focus on real progress and trends over the preceding four years, rather than only recent results.
- Extended discussion periods to facilitate focus on critical issues & understanding.
- A balance of presentations covering basic research, alloy development, product design, applications, and business issues related to intermetallic alloys.
- Stringent acceptance requirements for invited and submitted papers to ensure a high quality of presentations.
- Meeting at a single location, with common lodging and an informal atmosphere to foster interactions among participants.
- Published proceedings available at the symposium.

Technical sessions will be held in the mornings and evenings. The afternoons will be open for leisure. Several social activities are planned. It is anticipated that the environment provided by this conference will lead to improved communication between scientists, engineers, and designers, which is crucial to the successful advancement of intermetallic alloys. The Titanium, High Temperature Alloys, and Refractory Metals Committees of TMS are sponsoring ISSI-3.

TOPIC

The ISSI-3 symposium will have a strong emphasis on the role that affordability, reliability, and design play in developing new materials for use in aerospace applications. Invited and contributed presentations will outline the design and business constraints associated with the introduction of new materials, address reliability and performance issues specific to intermetallic alloys, and highlight recent advances in our understanding of processing-structure-property relations in these alloys. This meeting will provide a forum in which engineering designers can dialog with materials and process engineers and scientists and alloy developers.

INVITED SPEAKERS

A partial list of invited speakers includes:

F. Appel, GKSS
D. Banerjee, Indian Defense Institute
A. Gilchrist, GE
H. Lipsitt, Wright State University
P. McQuay, Howmet
K. Maruyama, Tohoku University
T. Pollock, University of Michigan
R. Prihar
R. Schafrik, GE Aircraft Engines
W. Smarsly, MTU Munchen GmbH
P.R. Subramanian, GE CRD
N. Walker, Rolls-Royce
M. Yamaguchi, Kyoto University

Invited and contributed papers will be presented in both oral and poster sessions.

CONFERENCE ARRANGEMENTS

All technical and social activities will take place at the Snow King Resort, Jackson Hole, Wyoming, USA.

The Snow King Resort is the largest year-round facility in Jackson Hole, Wyoming, offering 204 hotel rooms, outdoor heated pool, sauna, whirlpools, exercise room, restaurant, lounge, gift shops, hair salon, game room, and an array of recreational activities.

TECHNICAL INQUIRIES

Please address all technical inquiries to the General Organizing Committee Chairman:

Prof. Kevin Hemker

SOCIAL FUNCTIONS

Welcome Reception

Sunday, April 28, 2002
9:30 PM-11:00 PM

On the patio by the outdoor pool at the Snow King Resort - A relaxing place to lounge and view the Grand Teton Mountains.

Conference Banquet

Tuesday, April 30, 2002
6:30 PM-9:30 PM

The National Museum of Wildlife Art - Home to a prestigious collection of fine art devoted to wildlife. The museum houses a hands-on activity area for children, educational videos, traveling exhibits consisting of Native American and western historical material, and a museum shop. The museum building overlooks the National Elk Refuge and the Gros Ventre Mountains.

LOCATION

Snow King Resort is located in the Town of Jackson at the base of Snow King Mountain. The Jackson Hole Airport is a convenient ten miles away. Grand Teton National Park is four miles and Yellowstone National Park is 59 miles from Jackson. Teton Village and the Jackson Hole Ski Area are located twelve miles from our resort. The town of Jackson offers a wonderful variety of restaurants, art galleries and shopping.

Jackson Hole is located in the northwest corner of Wyoming. American and Delta Airlines provide jet service in the Jackson Hole Airport. United Express and Skywest provide commuter service from Denver and Salt Lake City. Hertz, Avis, Alamo and Budget car rental companies are located at the airport.

ACCOMMODATIONS

The Headquarters Hotel and site for the ISSI-3 Symposium is the Snow King Resort, Jackson Hole, Wyoming, USA. The Snow King Resort Hotel was built in 1976, and has been recently renovated. During 1991, the first phase of condominiums were added to the hotel room base. The Resort presently offers 204 spacious, recently renovated hotel rooms, including 13 suites as well as over fifty one, two, three and four bedroom condominiums. The hotel building has seven stories with rooms beginning on the ground floor. The Resort is open year-round. Complimentary Resort Shuttle is offered year round to and from the Jackson Hole Airport.

For more information about the Snow King Resort, please visit the resort website at www.snowking.com.

Participants should fax or mail their conference housing form, which is located in this mailer, as early as possible to the Snow King Resort. The housing cut-off is March 28, 2002. After March 28, 2002, the conference rate and availability at the Snow King Resort may not be available.

Fax, mail, or call your housing reservation form to:

Snow King Resort
400 E Snow King Ave
PO Box SKI
Jackson Hole, WY 83001
Phone: (307) 733-5200
Fax: (307) 733-4086

PROCEEDINGS

Copies of the proceeding may be purchased at \$125.00 per book.

POSTER SESSION

A poster session will be held in conjunction with the ISSI-3 Symposium. Presentations will be displayed on 4' x 8' poster boards; no formal oral presentation is required. There will be three separate poster sessions. The First Session will be on Monday, April 29 from 7:00 PM-8:00 PM, the Second Session will be on Tuesday, April 30, from 3:30 PM-4:30 PM, and the Third Session will be on Wednesday, May 1, from 3:30 PM-4:30 PM.

AUTHORS' COFFEE

The Authors' Coffee will be held each morning for authors, chairs, and organizers. Authors are asked to attend authors' coffee only on the morning of their presentation. The coffee will run from 7:00 AM-8:15 AM in the Atrium Restaurant.

RECORDING POLICY

TMS reserves the rights to any audio and video reproduction of all presentations at every TMS sponsored meeting. Recording of sessions (audio, video, still photography, etc.) intended for personal use, distribution, publication, or copyright without the express written consent of TMS and the individual authors is strictly prohibited.

AMERICANS WITH DISABILITY ACT

TMS strongly supports the Federal Americans with Disability Act (ADA) which prohibits discrimination against, and promotes public accessibility for those with disabilities. In support of this act, we ask that those attendees requiring specific equipment or services contact the TMS Meeting Services Department to advise specific needs in advance.

TOURS/ACTIVITIES

Tours and activities can be arranged through the Snow King Resort Concierge for one guest or a group. The goal of the Concierge is to help you have fun while in Jackson Hole. A diverse array of activities that appeal to all is offered. Activities include rafting down the Snake River, taking a scenic float through Grant Teton Park, touring Yellowstone National Park, and earth tours by Jackson Hole's renowned geologists. The Snow King Resort also offers activities at the hotel with an Alpine Slide, miniature golf, and a scenic chairlift based on seasonal availability. Reservations can be made in advance or during the conference. Please contact the Concierge at the resort for more details at 1-800-522-5464 ext. 7128. At the end of the day, a great variety of local eateries and fine dining reservations can be coordinated with your plans by the Snow King Resort Concierge.

SPONSORS

The Organizing Committee is grateful to the following organizations that have graciously provided financial support for the symposium.

Air Force Office of Scientific Research
Air Force Research Lab
Chrysalis Technologies Inc
DARPA
Department of Energy through Los Alamos National Lab
GE Aircraft Engines
GKSS Forschungszentrum
Howmet
JEOL
Kyoto Science Company Ltd
NASA Glenn Research Center
National Science Foundation
Office of Naval Research
