

TMS2015

144th Annual Meeting & Exhibition

March 15-19, 2015 • Walt Disney World
Orlando, Florida, USA

Connecting the global minerals, metals, and materials community.

Plan Now to Attend:

Alumina and Bauxite

The Alumina and Bauxite Symposium, along with Cast Shop Technology, Aluminum Reduction Technology, and Electrode Technology for Aluminum Production, collectively form the Light Metals Symposium, where experts from the Light Metals industry and academia from all over the world meet each other and share information. Given the current economic and technical challenges facing the bauxite and alumina industry, you are invited to submit papers in the following subject areas:

- Changing Bauxite Supply Landscape
- Bauxite Ore Characterization
- Handling and Processing
- Sustainability and Environmental Issues, Particularly Bauxite Residue
- Automation and Process Control
- Bauxite Mining and Processing
- Cost Reduction Strategies
- Alumina Quality

The proceedings will be published in Light Metals 2015. A proceedings manuscript is required from all presenters.

Sponsored by:

- TMS Light Metals Division
- Aluminum Committee

Organized by:

Hans-Werner Schmidt, Outotec (Germany)
