

TMS2015

144th Annual Meeting & Exhibition

March 15-19, 2015 • Walt Disney World
Orlando, Florida, USA

Connecting the global minerals, metals, and materials community.

Plan Now to Attend:

Cast Shop for Aluminum Production

Cast Shop Technology, along with Alumina and Bauxite, Aluminum Reduction, Electrode Technology, and Aluminium Processing, collectively form the Light Metals Symposium, where experts from the aluminum industry and academia from all over the world meet each other and share information.

You are invited to submit papers in the following subject areas:

- Charge Materials
- Pre-Furnace Treatment
- Melting
- Fluxing
- Filtration
- DC Casting
- Open Mould Ingot Casting
- Automation
- Process Modeling and Control
- Environmental Issues
- Grain Refinement
- Cast Structures
- Safety
- Joint sessions will be organized on energy (furnaces) and recycling

In addition, papers on innovative equipment dedicated to the measurement and control of the process and the product are welcome.

The proceedings will be published in Light Metals 2015. A proceedings manuscript is required from all presenters.

Sponsored by:

- TMS Light Metals Division
- Aluminum Committee

Organized by:

Pete Forakis, Emirates Aluminium (United Arab Emirates)
