

# JOM Call for papers

An official publication of The Minerals, Metals & Materials Society

**Publication Date:** *December 2018*

**Manuscript Deadline:** *July 1, 2018*

**The Aluminum Committee  
is seeking papers on the topic of  
*Aluminum: New Alloys and  
Heat Treatment***

This topic covers the development of new alloys, optimization of commercial alloys, additions for structure modification as well as new and optimized heat treatments. Papers are invited that scrutinize new phases and morphologies, phase equilibria, textures, and structure characteristics as well as improved mechanical and technological properties.

Original research papers should be 3,000-6,000 words with up to 8 figures maximum; review papers should be 6,000-10,000 words with up to 15 figures maximum.

Detailed author instructions are available at:  
<http://www.tms.org/AuthorTools/>

**Keywords for this topic:**

**Advanced materials, aluminum, environmental effects, environmental technologies, extraction and processing, iron and steel, manufacturing and markets**

**Guest Editor for this JOM topic is Dmitry Eskin:  
[dgeskin63@gmail.com](mailto:dgeskin63@gmail.com)**

If you are interested in submitting a paper, upload your manuscript at  
<https://www.editorialmanager.com/jomj/>

Please note that all submissions will be subject to peer review.  
Submission does not guarantee acceptance.
