

JOM Call for papers

An official publication of The Minerals, Metals & Materials Society

Publication Date: *November 2018*

Manuscript Deadline: *June 1, 2018*

The Pyrometallurgy Committee is seeking papers on the topic of *Refractory Materials for Metallurgical Uses*

The scope of this topic includes design, synthesis, processing and characterization of traditional or advanced refractory materials for different extractive metallurgical uses. Contributions to industrial applications of these materials with a focus on their working conditions, damage mechanism and corrosion prevention will be particularly welcome.

Typical paper length is 5,000 to 6,500 words for review papers, and 2,400 to 4,000 words for original papers.

Detailed author instructions are available at:

<http://www.tms.org/AuthorTools/>

Guest Editor for this JOM topic is Jesse White:
