

THE WORLD COMES HERE
TMS 2019
 148th Annual Meeting & Exhibition

CALL FOR ABSTRACTS

March 10–14, 2019
 San Antonio, Texas, USA

SUBMIT AN ABSTRACT TO:

LIGHT METALS

Magnesium Technology 2019

This symposium is one of the largest yearly gatherings of magnesium specialists in the world. Papers are presented on all aspects of magnesium technology, ranging from primary production to applications and recycling, as well as from basic research to industrialization. The symposium will cover - but is not limited to - the following topics:

- Basic research
- Primary production
- Alloys and their production
- ICME of magnesium alloys
- Cast products/processing (high-pressure die casting, semi-solid processing, etc.)
- Wrought products/processing (feedstock manufacturing, rolling, extrusion, forging, etc.)
- Forming, joining, machining
- Corrosion (protection) and surface finishing
- Fatigue behavior of magnesium alloys
- Dynamic responses of magnesium alloys
- Structural applications (automotive, aerospace, etc.)
- Biomedical applications
- Emerging applications (hydrogen storage, additive manufacturing of powders, etc.)
- Recycling/ecological issues/life cycle analysis

In keeping with the long-standing tradition of presenting the most recent and highest quality work on magnesium, this symposium features a collection of manuscripts in an edited book entitled *Magnesium Technology 2019*. This book features the finest and latest breaking articles in magnesium research from the past year and is listed with the main indexing services including Elsevier Engineering Index and Thomas Reuters Conference Proceedings Citation Index, as well as published as a Google eBook online, making its articles readily searchable and available on the web and citable.

A condition of delivering an oral presentation is submitting a paper for inclusion in the *Magnesium Technology 2019* book. Exemptions are only permissible if:

- Publishing in TMS journals, specifically *Metallurgical and Materials Transactions A or B*, *IMMI*, *JOM* or other TMS-sponsored journal by the same group of authors in the same year. Exemptions will only be provided to those furnishing an AUTHORS COPY of their manuscript, letter of acceptance from the editor, or similar document illustrating that the manuscript was accepted by a TMS-sponsored journal by the deadline of SEPTEMBER 10, 2018.
- It is not required to submit a manuscript if you are planning to make a poster presentation. Therefore, you may still submit an abstract to the Magnesium Technology 2019 symposium for a poster presentation.

ORGANIZERS

Vineet V. Joshi, Pacific Northwest National Laboratory, USA

Brian Jordon, University of Alabama, USA

Dmytro Orlov, Lund University, Sweden

Neale R. Neelameggham, Ind LLC, USA

Abstract Deadline is July 1, 2018.
 Submit online at www.programmaster.org/TMS2019
