

SUBMIT AN ABSTRACT BY JULY 1

THE WORLD COMES HERE

TMS 2020

149th Annual Meeting & Exhibition

February 23-27, 2020 • San Diego, California, USA

Submit an abstract to:

Light Metals

Cast Shop Technology: Energy Joint Session

Cast Shop Technology—along with Aluminum Reduction Technology; Aluminum Alloys, Processing and Characterization; Electrode Technology for Aluminum Production; and Alumina and Bauxite—collectively form the Light Metals symposium at the TMS 2020 Annual Meeting & Exhibition. The meeting is an excellent opportunity to interact with experts from the Light Metals industry and academia from all over the world and hear the latest updates on key issues in the industry.

The aluminum industry faces unique challenges in the transition to sustainability, and efficient use of energy will play a key role. This joint session will explore the trends and drivers toward sustainability. Papers are encouraged with research or case studies in furnace efficiency including energy savings, increased production, and reduced melt loss.

Authors seeking an oral presentation opportunity must submit a manuscript for the *Light Metals 2020* proceedings volume or be approved for publication in a TMS journal.

ORGANIZERS

Johannes Morscheiser, Aleris Rolled Products Germany GmbH, Germany

Cynthia Belt, Metals Energy Management, USA

Valmiro Correia, Praxair, USA

Mark Jolly, Cranfield University, United Kingdom

SYMPOSIUM SPONSORS

TMS Extraction & Processing Division

TMS Light Metals Division

TMS Aluminum Committee

Abstract Deadline is July 1, 2019. Submit online at
www.programmaster.org/TMS2020.
