Presenters are required to register before the advance registration deadline for the Specialty Congress. We require this to secure commitment from presenters that they plan to travel to and attend the Congress in person to deliver their oral or poster presentation. Cancellations and no shows disrupt the program and detract from the quality of the event. If a change in travel plans occurs, we urge presenters to identify a substitute who can attend and present in their place. TMS can transfer the existing registration to the substitute attendee. If a registrant must cancel, TMS must be notified via email before the advance registration deadline of April 30, 2024 to receive a refund. Fees will be refunded less a \$130 processing fee. TMS regrets that no refunds will be processed after the advance registration deadline of April 30, 2024.

\*Registration includes technical sessions, welcome reception, continental breakfast (Monday, Tuesday, & Wednesday), refreshment breaks, poster reception, and a ticket to one luncheon of your choice.

\*\*Must be a full-time student at an accredited university to register at the student rate. A current school identification card must be presented at registration to receive your Congress materials.

\*Professional nonmember registrants are eligible to receive complimentary TMS membership through 12/31/24. Instructions for accessing membership will be provided following registration.
