SUPERALLOYS 2016

13TH INTERNATIONAL SYMPOSIUM ON SUPERALLOYS

September 11-15, 2016
Seven Springs Mountain Resort
Seven Springs, Pennsylvania

The 13th International Symposium on Superalloys (Superalloys 2016) highlights the benefits of collaborative programs among researchers, producers, and users to bring about tangible improvements in superalloy technology.

Don't wait four more years. Make sure you have a chance to contribute to the discussion. Register for Superalloys 2016 today.

Visit the symposium website today at www.tms.org/Superalloys2016 for more information on:

- Housing at Seven Springs Mountain Resort
- Transportation to and from Pittsburgh International Airport
- Group tour at Frank Lloyd Wright's Fallingwater
- Technical program topics

COME EARLY FOR A SHORT COURSE!

Enhance your symposium experience by attending one of the two short courses scheduled for Sunday, September 11 before Superalloys 2016 programming begins:

Use of Numerical Modelling for Research and Development of Nickel-Based Superalloys

2:00 p.m. to 4:00 p.m.

Instructors: Catherine Rae, University of Cambridge and Roger Reed, University of Oxford

Melting, Conversion, and Closed Die Forging of Superalloys

4:30 p.m. to 6:30 p.m.

Instructors: Erin McDevitt, ATI Specialty Materials; Brandon Wilson, ATI Specialty Materials; and Nick Sonnetag, ATI Forged Products

Sign up for one or both courses when you register for Superalloys 2016 online at www.tms.org/Superalloys2016/Reg.

This symposium is sponsored by the Seven Springs International Symposium Committee in cooperation with TMS, the TMS High Temperature Alloys Committee, and ASM International, and is co-sponsored by the Institute of Materials, Minerals, and Mining (IOM3).
