

TMS 2015

144th Annual Meeting & Exhibition

March 15-19, 2015 • Walt Disney World
Orlando, Florida, USA

Connecting the global minerals, metals, and materials community.

Plan Now to Attend:

Friction Stir Welding and Processing VIII

This symposium is the eighth friction stir welding and processing symposium to be held at the TMS Annual Meeting. This symposium will present fundamentals and the current status of friction stir welding (FSW) and solid-state friction stir processing of materials. It will provide researchers and engineers with an opportunity to review the current status of the friction stir related processes and discuss the future possibilities.

Papers are sought on all aspects of friction stir welding and processing.

Sponsored by:

- TMS Materials Processing & Manufacturing Division
- Shaping and Forming Committee

Organized by:

Rajiv Mishra, University of North Texas (USA)
Murray W. Mahoney, retired from Rockwell Scientific
Yutaka Sato, Tohoku University
Yuri Hovanski, Pacific Northwest National Laboratory
