

*The undersigned support The Orlando Materials Innovation Principles\*  
as of July 30, 2013*

**Carol Adkins**

Director, Materials Science and  
Engineering Center  
Sandia National Laboratories

**Diran Apelian**

Howmet Professor of Materials Engineering  
Director, Metal Processing Institute  
Worcester Polytechnic Institute

**Beckry Abdel-Magid**

Professor and Chair  
Winona State University

**John Allison**

Professor, Materials Science & Engineering  
University of Michigan

**Kevin Anderson**

Mercury Technical Fellow  
Mercury Marine

**Tim Armstrong**

Vice President  
Research & Product Commercialization  
Carpenter Technology

**Narayana Balu**

Center for Study of Science,  
Technology, and Policy

**Michael Bloor**

Chief Operating Officer  
ESI North America

**Joseph Bonivel**

Senior Research Engineer  
United Technologies Research Center

**William Cassada**

Director of Research  
Alcoa

**Gerbrand Ceder**

R.P. Simmons Professor of Materials  
Science and Engineering  
Massachusetts Institute of Technology

**Guanhua Chen**

Professor and Head, Department of Chemistry  
The University of Hong Kong

**Henry Cialone**

Chief Executive Officer  
EWI

**Bradford A. Cowles**

Cowles Consulting LLC

**Charles R. Craig**

Senior Vice President, Science & Technology  
Administration & Operations  
Corning

**Stefano Curtarolo**

Professor of Materials Science and Physics,  
Director, Center for Materials Genomics, Duke  
University

**Buddy Damm**

Manager, Metallurgical Applications  
and Modeling Dept  
The Timken Company

**Wayne Eckerle**

Vice President  
Research & Technology & CTC Site Leader  
Cummins Inc.

**Mohamad s El-Zein**

Manager, Metals & Mechanics  
Deere & Company

**Steven C. Freilich**

Director, Materials Science and Engineering  
Central Research and Development  
DuPont

**Zhengping Fu**

Professor  
University of Science & Technology, China

**Murali Gorantla**

Materials Scientist  
UES, Inc.

**David Hardy**

Senior Technology Advisor  
Department of Energy, EERE,  
Advanced Manufacturing Office

**Kevin Hemker**

Alonzo G. Decker Chair  
Mechanical Engineering  
Johns Hopkins University

**Warren Hunt, Jr.**

Chief Technical Officer  
Nexight Group LLC

**Theresa Kotanchek**

Vice President, Sustainable Technologies  
and Innovation Sourcing  
The Dow Chemical Company

**Aziz Asphahani**

President & CEO  
QuesTek Innovations LLC

**Enrique J. Lavernia**

Distinguished Professor  
Dean, College of Engineering  
University of California, Davis

**Paul Mason**

President  
Thermo-Calc Software, Inc.

**Benjamin Perez**

President  
BP. Technologies & Innovations

**Dipu Pramanik**

Vice President & Fellow, Core Technology  
Intermolecular, Inc.

**Frank Preli**

Chief Engineer,  
Materials and Processes Engineering  
Pratt & Whitney

**Alan Rae**

Chief Executive Officer  
The NanoMaterials Innovation Center

**Bart Riley**

Chief Technology Officer  
Vice President, Research & Development  
Founder  
A123 Systems

**Gregory Rohrer**

W.W. Mullins Professor  
Head, Department of Materials Science  
and Engineering  
Carnegie Mellon University

**Robert Schafrik**

General Manager  
Materials & Process Engineering  
GE Aviation

**David B. Spencer**

Chairman and Chief Technology Officer  
wTe Corporation

**David F. Teter**

Division Leader  
Materials Science and Technology  
Los Alamos National Laboratory

**Mark Verbrugge**

Director, Chemical Sciences  
and Materials Systems Laboratory  
General Motors Research & Development

**George Verghese**

Executive Director  
Institute of Materials Innovation,  
Kwantlen Polytechnic University

**Jeffrey Wadsworth**

President & CEO  
Battelle Memorial Institute

**Larry Wendling**

Vice President  
Corporate Research Laboratory  
International Technical Operations  
3M

**Bhaskar Yalamanchili**

Director, Corporate Quality  
Gerdau

**Gerould Young**

Director, Materials & Fabrication Technology  
Boeing Research & Technology

**Thomas Young**

Provost  
Clarkson University

**Thomas Zacharia**

Deputy Laboratory Director  
for Science and Technology  
Oak Ridge National Laboratory

**Matthew J. Zaluzec**

Technical Advisory Board  
Research and Innovation Center  
Ford Motor Company

\* Support of The Orlando Materials Innovation Principles indicates that the signer endorses the intent of the Principles but does not obligate the organization to any financial or other commitment. It is intended only as a statement of values that we as a community can collectively embrace. Any commitment of an organization to a specific project or activity is separate from endorsement of the Principles and would be at the organization's discretion on a case-by-case basis.
