

ALUMINUM CAST SHOP

Science and Technology Course

November 6-10, 2017

Crowne Plaza London-Heathrow • London, United Kingdom

Reduce costs while producing high-quality products.
Cast Shop 17 will provide you with:

- **A deep understanding of process technology to improve performance** in this unique, immersive course focused exclusively on cast shop and targeted toward operations
- **Access to leading experts in the field** who share techniques that work, based on their extensive experience
- **Small group sessions, networking activities, and a tour** and hands-on demonstration of the Advanced Metals Casting Centre at Brunel University London

The 2017 TMS Aluminum Cast Shop Science and Technology Course (Cast Shop 17) will cover the science and technology of key cast shop processes for primary and secondary aluminum smelters.

For a detailed list of topics to be covered during this course, visit www.tms.org/CastShop17.

Cast Shop 17 is a TMS Aluminum Course, sponsored by the TMS Aluminum Committee of the Light Metals Division.

Register for Cast Shop 17 by October 6, 2017.
