As a member of TMS, you'll receive access to:

- **Print and Electronic Subscriptions to JOM**, the monthly TMS member journal
- **Electronic Subscriptions to Integrating Materials and Manufacturing Innovation, Journal of Electronic Materials, Journal of Sustainable Metallurgy, and Metallurgical and Materials Transactions A and B.**
- **20 materials science and engineering journals** published by Springer, available online
- **TMS Career Center**, an enhanced online resource to post an anonymous resume, view jobs and create personal job alerts. TMS members receive priority placement of resumes.
- **TMS Membership Directory**, an online global network of materials professionals in 70 countries
- **Discounts** on select TMS conferences and professional development courses
- **Reduced member pricing** on TMS books and e-books purchased through Springer, as well as on all other English language books and e-books published by Springer
- **Additional Members-Only Resources**, accessible online through members.tms.org

## Membership Requirements

### Retired Member

A candidate for retired membership shall be a person of integrity who is fully retired from his/her career in the materials science and engineering field (including consulting). Additionally, this candidate must be 66 years-of-age or older and possess 20 years of continuous TMS membership.

Annual Dues: \$60

### Professional Member

A candidate for **full membership** shall be a person of integrity in professional activities and actively involved with materials science, materials engineering and/or application. A candidate must hold a bachelor's degree from a recognized university in metallurgy, metallurgical engineering, materials science, materials engineering or another science or engineering discipline related to the field OR have at least five years experience and be a practicing professional in materials science and engineering or a closely related field. A candidate for **associate membership** shall be a person of integrity in professional activities and actively involved with materials science, materials engineering and/or application. While not possessing the academic or technical experience of a professional member, associate members must be active in fields related to the advancement of materials science and engineering and its affiliated industries.

Annual Dues: \$120

### Life Member

A candidate for life membership is a professional member who wishes to make a one-time payment of dues to TMS.

One-Time Dues: \$1,800

### Reinstatement

Members who may have allowed their dues to lapse may be reinstated into the same membership grade as when they left by submitting a new application and paying the current dues. If the applicant wishes to have the original year of joining TMS reflected, back dues must be paid to date (half the annual dues for each year of lapsed membership); otherwise, the membership year will be the year of reinstatement.

### Application Process

The TMS membership year begins January 1 and ends December 31. Applications received between January 1 and June 30 will be processed for the current calendar year. Applications received after June 30 will be processed for the remainder of the current calendar year and the entire following year. Two weeks are required for processing of complete applications submitted with payment. Incomplete applications cannot be processed.
