

JOM Call for papers

An official publication of The Minerals, Metals & Materials Society

Publication Date: *February 2020*

Manuscript Deadline: *September 1, 2019*

Cleaner Manufacturing of Critical Metals

Research that aims at preventing or reducing the generation of industrial waste while increasing resource and energy efficiency in critical metals production is invited for this special topic. Waste minimization from both primary and secondary sources will be considered. Manuscripts intended for a broad readership, including review papers, are especially encouraged.

Original research papers should be 3,000-6,000 words with up to 8 figures maximum; review papers should be 6,000-10,000 words with up to 15 figures maximum.

Detailed author instructions are available at:
<http://www.tms.org/AuthorTools/>

Keywords for this topic: **Energy; environmental issues; extraction and processing; precious metals; recycling and secondary recovery**

Guest Editor(s): Fiseha Tesfaye, Naiyang Ma and Mingming Zhang:

fiseha.tesfaye@abo.fi; Naiyang.Ma@arcelormittal.com; Mingming.Zhang@arcelormittal.com

Committee Sponsor(s): **Recycling and Environmental Technologies**

If you are interested in submitting a paper, upload your manuscript at
<https://www.editorialmanager.com/jomj/>

Please note that all submissions will be subject to peer review. Submission does not guarantee acceptance.
