

JOM Call for papers

An official publication of The Minerals, Metals & Materials Society

Publication Date: *May 2022*

Manuscript Deadline: *December 1, 2021*

Advances in Characterization of Functional Composite Materials

Papers are invited on the latest developments and applications of functional composite materials with advanced engineering uses, from initial conception to obsolescence. Of particular interest are original papers and reviews focusing on characterization and non-destructive evaluation of metal-matrix composites, ceramic-matrix composites, polymer-matrix composites, and coatings at the nano- and microscales.

Original research papers should be 3,000-9,000 words with up to 12 figures maximum; review papers should be 6,000-11,000 words with up to 20 figures maximum.
