

JOM Call for papers

An official publication of The Minerals, Metals & Materials Society

Publication Date: *April 2023*

Manuscript Deadline: *October 1, 2022*

Reprocessing and Recycling of Tailings from Metallurgical Process

In recent times, extensive research and cross-industry collaborative activities have contributed to the development of economical and sustainable routes to utilize tailings, extractive waste and metallurgy slags as secondary resource. This special topic invites authors to contribute manuscripts on advances in reprocessing and recycling of tailings from various metallurgical process such as minerals processing, hydrometallurgical and pyro-metallurgical extraction processes.

Original research papers should be 3,000-9,000 words with up to 12 figures maximum; review papers should be 6,000-11,000 words with up to 20 figures maximum.

Detailed author instructions are available at:
<http://www.tms.org/AuthorTools/>

Keywords for this topic: **Recycling and Secondary Recovery; Tailings; Sustainability; Metallurgical Process**

Guest Editor(s): **Hong (Marco) Peng, Fiseha Tesfaye, Joseph Hamuyuni, Chukwunwike Iloeje and Alexandra Anderson:**
h.peng2@uq.edu.au; fiseha.tesfaye@abo.fi;
joseph.hamuyuni@mogroup.com; ciloeje@anl.gov;
allieanderson0@gmail.com

Committee Sponsor(s): **Recycling and Environmental Technologies; Energy; Process Technology and Modeling**

If you are interested in submitting a paper, upload your manuscript at
<https://www.editorialmanager.com/jomj/>

Please note that all submissions will be subject to peer review. Submission does not guarantee acceptance.
