

JOM Call for papers

An official publication of The Minerals, Metals & Materials Society

Publication Date: *December 2018*

Manuscript Deadline: *July 1, 2018*

**The Aluminum Committee
is seeking papers on the topic of
*Aluminum: New Alloys and
Heat Treatment***

This topic covers the development of new alloys, optimization of commercial alloys, additions for structure modification as well as new and optimized heat treatments. Papers are invited that scrutinize new phases and morphologies, phase equilibria, textures, and structure characteristics as well as improved mechanical and technological properties.

Typical paper length is 5,000 to 6,500 words for review papers, and 2,400 to 4,000 words for original papers.

Detailed author instructions are available at:

<http://www.tms.org/AuthorTools/>

Keywords for this topic:

Alloy phases, aluminum, physical properties

**Guest Editors for this *JOM* topic are
Pascal Lavoie and Dmitry Eskin:**

p.lavoie@auckland.ac.nz; dgeskin63@gmail.com

If you are interested in submitting a paper, upload your manuscript at
<https://www.editorialmanager.com/jomj/>

Please note that all submissions will be subject to peer review.
Submission does not guarantee acceptance.
