

# JOM Call for papers

An official publication of The Minerals, Metals & Materials Society

Publication Date: *January 2018*

Manuscript Deadline: *August 1, 2017*

**The Pyrometallurgy Committee  
is seeking papers on the topic of  
*Fundamental Aspects of  
High-Temperature Metallurgical  
Processing***

The scope of this topic would cover the scientific aspects of pyrometallurgical processing, including thermophysical properties of liquid metals, oxides, and salts, including thermal and electrical conductivity and viscosity of melts; physical chemistry of melts including thermodynamics, kinetics, and interfacial phenomena; reactions between liquid metals and slags, salts, and mattes, and gases.

Typical paper length is 5,000 to 6,500 words for review papers, and 2,400 to 4,000 words for original papers.

Detailed author instructions are available at:

<http://www.tms.org/AuthorTools/>

**Keywords for this topic:**

**Extraction, fundamentals, pyrometallurgy, thermodynamics, kinetics, reactions, interfacial, viscosity, conductivity**

**Guest Editor for this *JOM* topic is Jesse White:**

[jesse.white@elkem.no](mailto:jesse.white@elkem.no)

If you are interested in submitting a paper, upload your manuscript at

<https://www.editorialmanager.com/jomj/>

Please note that all submissions will be subject to peer review. Submission does not guarantee acceptance.
