

JOM Call for papers

An official publication of The Minerals, Metals & Materials Society

Publication Date: *March 2019*

Manuscript Deadline: *October 1, 2018*

The Powder Materials Committee is seeking papers on the topic of *Effective Production and Recycling of Powder Materials*

This topic will cover mostly powder materials issues related to production and recycling. This topic can be especially relevant to additive manufacturing. Powder reusability, cost, and effect on product properties are especially of interest.

Original research papers should be 3,000-6,000 words with up to 8 figures maximum; review papers should be 6,000-10,000 words with up to 15 figures maximum.

Detailed author instructions are available at:
<http://www.tms.org/AuthorTools/>

Keywords for this topic:

Additive manufacturing, advanced materials, advanced processing, characterization, composites, energy, environmental effects, manufacturing, synthesis

Guest Editor for the JOM topic is Kathy Lu:
klu@vt.edu

If you are interested in submitting a paper, upload your manuscript at
<https://www.editorialmanager.com/jomj/>

Please note that all submissions will be subject to peer review. Submission does not guarantee acceptance.
