

JOM Call for papers

An official publication of The Minerals, Metals & Materials Society

Publication Date: *January 2020*

Manuscript Deadline: *August 1, 2019*

The Refractory Metals & Materials Committee and Steels Committee are seeking papers on the topic of

Design, Development, Manufacturing, and Applications of Refractory Metals and Materials

The scope of this topic encompasses the latest advances in design, development, manufacturing, and applications of refractory materials, including metals, alloys, carbides, nitrides and borides, and more. Papers are invited on topics including experimental and theoretical research of the process-microstructure-property relationship in refractory metals and materials. This special topic intends to summarize challenges and provide insight into the new advancements in the field of refractory materials.

Original research papers should be 3,000-6,000 words with up to 8 figures maximum; review papers should be 6,000-10,000 words with up to 15 figures maximum.

Detailed author instructions are available at:
<http://www.tms.org/AuthorTools/>

Keywords for this topic:

Advanced materials, high-temperature materials, powder technology

Guest Editors for the *JOM* topic are Ravi Enneti and Chai Ren:

ravi.enneti@globaltungsten.com; chai.ren.cn@gmail.com

If you are interested in submitting a paper, upload your manuscript at
<https://www.editorialmanager.com/jomj/>

Please note that all submissions will be subject to peer review. Submission does not guarantee acceptance.
