

JOM Call for papers

An official publication of The Minerals, Metals & Materials Society

Publication Date: *December 2019*

Manuscript Deadline: *July 1, 2018*

The Surface Engineering Committee is seeking papers on the topic of ***Advances in Surface Engineering***

This special topic aims to capture recent advances in processing, characterization, simulation/modeling, and applications related to surface engineering of materials. Areas of interest include surface protection from wear and corrosion, surface characterization techniques, surface alloying, and nanostructured surfaces.

Original research papers should be 3,000-6,000 words with up to 8 figures maximum; review papers should be 6,000-10,000 words with up to 15 figures maximum.

Detailed author instructions are available at:
<http://www.tms.org/AuthorTools/>

Keywords for this topic:

Alloy phases, characterization, environmental effects, surface modification and coatings, synthesis and processing

Guest Editors for the *JOM* topic are Rajeev Gupta, Sandip Harimkar, and Mary Lyn Lim:

**rgupta@uakron.edu; sandip.harimkar@okstate.edu;
m_lim@ppg.com**

If you are interested in submitting a paper, upload your manuscript at
<https://www.editorialmanager.com/jomj/>

Please note that all submissions will be subject to peer review. Submission does not guarantee acceptance.
