LIGHT METALS

MAGNESIUM TECHNOLOGY 2018

This symposium is one of the largest yearly gatherings of magnesium specialists in the world. Papers are presented on all aspects of magnesium technology, ranging from primary production to applications and recycling, as well as from basic research to industrialization. The symposium will cover the following topics:

- Basic Research
- Primary production
- Alloys and their production
- ICME of magnesium alloys
- Cast products/processing (high-pressure die casting, semi-solid processing, etc.)
- Wrought products/processing (feedstock manufacturing, rolling, extrusion, forging, etc.)
- Forming, joining, machining
- Corrosion (protection) and surface finishing
- Fatigue behavior of magnesium alloys
- Dynamic responses of magnesium alloys
- Structural applications (automotive, aerospace, etc.)
- Biomedical applications
- Emerging Applications (hydrogen storage, additive manufacturing of powders, etc.)
- Recycling/ecological issues/life cycle analysis

This symposium features a collection of peer-reviewed manuscripts in an edited book entitled Magnesium Technology 2018. This book features the finest and latest-breaking articles in magnesium research from the past year and is listed with the main indexing services, including Elsevier Engineering Index and Thomas Reuters Conference Proceedings Citation. A condition for delivering an oral presentation is submitting a paper for inclusion in the Magnesium Technology 2018 book. Exemptions are only permissible if: (1) Publishing in TMS journals, specifically Metallurgical and Materials Transactions A, B, or E, IMMI, JOM or other TMS-sponsored journal by the same group of authors in the same year. (2) It is not required to submit a manuscript if you are planning to make a poster presentation. Therefore, you may still submit an abstract to the Magnesium Technology 2018 symposium for a poster presentation.

ORGANIZERS
Dmytro Orlov, Lund University, Sweden
Vineet Joshi, Pacific Northwest National Laboratory, USA
Kiran Solanki, Arizona State University, USA
Neale Neelameggham, Ind LLC, USA

SPONSORS
TMS Light Metals Division
TMS Magnesium Committee
