## **AVIZO 3D ANALYSIS SOFTWARE FOR MATERIALS SCIENCE WORKSHOP**

*Part of the Supplier Technology Education Program*

**SUNDAY, MARCH 11, 2018 • 1:00 P.M. TO 4:30 P.M.**

This workshop consists of lecture and hands-on exercises intended for new or existing users of Avizo software. The material covered in the training will introduce advanced 3D visualization and analysis solutions for materials analysis. The course will highlight the important features and unique functions of Avizo.

Working closely with the instructors, attendees will have the opportunity to ask questions, see live demonstrations, and use the Avizo software. Attendees must bring their own PC with suitable 3D graphics board for course participation. Temporary licenses will be provided to participants and instructions for downloading and installing software will be sent one week prior to the workshop.
