The Alumina and Bauxite Symposium is part of the Light Metals program. This is an excellent opportunity to interact with experts from the Light Metals industry and academia from all over the world and get the latest updates on key issues in the industry. Based on the importance of improving processes, reducing environmental impact, and the global challenges in the aluminum production, you are invited to submit papers on fundamental and applied research in the following subject areas:

- Changes in Bauxite Supply and Future Demands
- Bauxite Ore Characterization
- Bauxite Mining and Processing
- Handling and Processing
- Separation of Impurities
- Sustainability and Environmental Issues
- Bauxite Residue Handling and Opportunities
- Automation and Process Control
- Cost Reduction Strategies
- Alumina Properties and Quality
- Application of Industry 4.0 in the alumina and bauxite industry

A NOTE REGARDING PUBLICATION:
Authors seeking an oral presentation opportunity must submit a manuscript for the Light Metals 2024 proceedings or be accepted for publication in a TMS journal.

ORGANIZERS
Michael Coley, University of the West Indies, Jamaica
Samuel Wagstaff, Oculatus Consulting, USA

SYMPOSIUM SPONSORS
TMS Light Metals Division
